MATERIAL SAFETY DATA SHEET

FLOOR WAX

1. IDENTIFICATION OF PRODUCT AND COMPANY

PRODUCTS	
<i>Trading name</i>	<i>Color</i>
FLOOR FLAT/ SEMIGLOSSY /GLOSSY WAX	Milkinness

Type of product and use:	Wax for Plaster
---------------------------------	-----------------

PRODUCER	
Producer's data:	STUCCO ITALIANO SRL Via Rovereto 20 - 36030 Costabissara (VI) – Italia Tel. +39 347 2469500 Fax. +39 0445 941047 E-Mail: info@stuccoitaliano.it web: www.stuccoitaliano.it

2. COMPOSITION

The product is not classified as hazardous pursuant to directives 67/548/EEC and 1999/45/EC and subsequent amendments and upgrades and does not contain substances classified as being hazardous to human health or the environment pursuant to 67/548/EEC and subsequent amendments.

3. IDENTIFICATION OF HAZARDS

The product does not present health or environmental hazards on account of its chemical, physical, toxicological and ecotoxicological properties.

4. FIRST-AID MEASURES

No episodes of damage to health ascribable to the product have been reported. Nevertheless, observance of good industrial hygiene is recommended

5. FIRE-PREVENTION MEASURES

General Information: Use jets of water to cool the containers to prevent product decomposition and the development of substances potentially hazardous for health. Always wear full fire prevention gear. Collect extinguishing water to prevent it from draining into the sewer system. Dispose of contaminated water used for extinction and the remains of the fire according to applicable regulations.

Suitable Extinguishing Media: The extinction equipment should be of the conventional kind: carbon dioxide, foam, powder and nebulised water.

Extinguishing Media which shall not be used for Safety Reasons: None in particular.

Hazards caused by exposure in the event of fire: Do not breathe combustion products (carbon oxide, toxic pyrolysis products, etc).

6. MEASURES IN CASE OF ACCIDENTAL SPILLAGE

Individual precautions	If there are no contraindications, spray powder with water to prevent the formation of dust. Use breathing equipment if powders are released into the air.
Environmental precautions	The product must not penetrate the sewer system, surface water, ground water and neighbouring areas.
Cleaning methods	Use mechanical tools to collect leaked product and eliminate the remainder using jets of water. Make sure the leakage site is well aired. Contaminated material should be disposed of in compliance with the provisions set forth in point 13.

7. HANDLING AND STORAGE

Stucco Italiano srl
Via Rovereto 20- 36030 Costabissara - Italia Tel. +39 347 2469500
e-mail: info@stuccoitaliano.it Internet: www.stuccoitaliano.com
C.F. 03744780242 P.Iva 03744780242

Make sure that equipment is available for cooling the vessels, to prevent the danger of overpressure and overheating in the event of fire in the vicinity. Refer to the other sections of this data sheet for information relating to health and environmental risks.

8. INDIVIDUAL CONTROL

Precautionary measures	Observance of safety measures used in handling chemical substances.
Breathing protection	None required
Protection of hands	None required.
Protection of eyes	None required.
Protection of skin	No safety measures for normal use.
Exposure limits:	Not available

9. CHEMICAL/PHISICAL CHARACTERISTICS OF THE PRODUCT

Physical state	Liquid
Colour	Milkinness
Odour	Flower fragrance
pH value	7,5
Boiling point	Not available
Flash point	>61°C
Solubility	Readily soluble
Specific gravity	0,98Kg/l
Solid content:	8,00 %
VOC (Directive 1999/13/EC)	0
VOC (volatile carbon) :	0

10. STABILITY AND REACTIVITY

The product is stable in normal conditions of use and storage. Due to thermal decomposition or in the event of a fire vapours may be produced potentially dangerous to health.

11. TOXICOLOGICAL INFORMATION

According to currently available data, this product has not yet produced health damages. Anyway, it must be handled according to good industrial practices.

12. ECOLOGICAL INFORMATION

No specific data are available for this product. Handle it according to good working practices. Avoid littering. Inform the competent authorities, should the product reach waterways or sewers or contaminate soil or vegetation.

13. INFORMATION ON DISPOSAL

Reuse, when possible. Neat product residues should be considered special non-hazardous waste. Disposal must be performed through an authorised waste management firm, in compliance with national and local regulations.

Contaminated packaging:

Contaminated packaging must be recovered or disposed of in compliance with national waste management regulations.

14. INFORMATION ON TRASPORT

This substance is not dangerous under current provisions of the Code of International Carriage of Dangerous Goods by Road (ADR) and by Rail (RID), of the International Maritime Dangerous Goods Code (IMDG), and of the International Air Transport Association (IATA) regulations.
